Forget about the cheese

WHO MOVED MY CHURCH?

WORSHIP SERVICES MINISTRIES

The lectureship theme "Forget About the Cheese! Who Moved My Church?" is timely, focusing on the ways the church has been forced to "MOVE" from the four walls of its buildings and conduct worship opportunities in new ways because of the global pandemic, using Internet, Facebook, zoom, YouTube, and the like. Another emphasis will be on how these changes will impact the way churches worship and conduct ministries and activities going forward. We have gathered powerful speakers from across the country to address related topics. Prepare to be wowed!!

The 2020 SwCC Lectureship airs on the college's website, its Facebook page and on The Church TV Network. **All times are CST.**
